How Community Housing Cymru can help you

Community Housing Cymru is the voice of housing associations in Wales.

We represent not-for-profit housing associations that provide homes to roughly 10% of the Welsh population.

Our collective vision is to make Wales a country where good housing is a basic right for all.

Our members work throughout Wales, providing homes and services to a wide range of people. As their trade body, we fight for the things they need to support their communities, and to ensure that together we can achieve our vision.
