Why support Community Housing Cymru?

We are the voice of housing associations in Wales. Our vision is to make Wales a country where good housing is a basic right for all.

Exhibition and Sponsorship Brochure

For over 30 years we have supported the Welsh housing sector, by representing 33 not-for-profit housing associations that provide almost 174,000 homes to 10% of the Welsh population.

Our conferences attract some of our membership's key decision makers, along with leading sector stakeholders and partners, and local government and Welsh Government. They are developed in collaboration with the sector to share best practice, new ideas, solutions and networking opportunities.

By taking part in our conference, you are showing your commitment to supporting Wales's housing

sector. Supporting us will give you an invaluable opportunity to engage with the sector on a variety of current issues, while sharing your unique expertise and knowledge.

There are a range of sponsorship opportunities for each of our conferences including sponsorship, exhibition opportunities, and networking packages including dinners and receptions.

For further information regarding availability for upcoming conferences please contact events@chcymru.org.uk
