

***Computer Recyclers UK are an I.T Recycling and Refurbishment company, committed to Digital Inclusion throughout the UK and aim to re-use as much I.T as possible to create affordable access to PCs and Laptops.***

getonline@home

The easy place to get your first, very affordable and internet ready computer

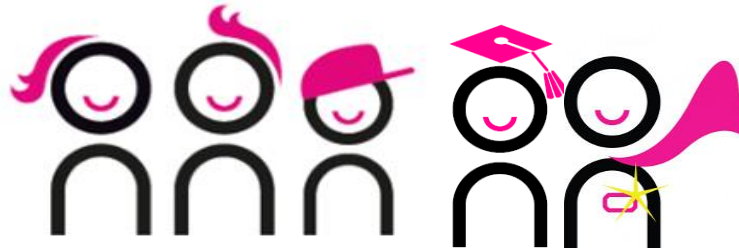

Get Online @ Home is an initiative from Microsoft and its partners to provide low cost refurbished desktop and laptop computers to support the Go ON UK National digital inclusion programme.

### Why Digital Inclusion?

- Save/managing money, employment opportunities, communication, convenience, online public services.....
- 7 million people have yet to use the internet
- 11 million people have not got the skills to get online in the UK

### Reasons for Digital Exclusion:

- Haven't got broadband
- Can't afford a PC
- Don't see the relevance
- Fear of technology
- Lack of I.T skills

### What 'Get Online @ Home' offers:

- Reconditioned Computers, pre-loaded and licensed with Core Microsoft Software.
- PAYG Mobile Broadband Dongles
- Broadband Comparison via Simplify Digital

Free, personalised advice and dedicated switching support

Lines open: Mon to Sun 8am - 9pm

# PAYG MOBILE BROADBAND DONGLES

- 3GB Mobile Broadband Dongle for 3 Months - **£39.99**
- 3GB **Mi-Fi** Mobile Broadband Dongle for 3 months - **£59.99**
- 12GB Mobile Broadband Dongle for 12 months - **£89.99**

## Difference between a 3GB and a 12GB?

1GB of usage is estimated to be a months' worth of internet browsing so 3GB is estimated to last up to 3 months and 12 GB is estimated to last up to 12 months.

## What if you don't use all 3GB or 12GB?

- The 3GB dongle will remain on the dongle for 3 months unless used up before.
- The 12GB dongle will remain on the dongle for 12 months unless used up before.
- After the GB's have been used up, the dongles work on a Pay as You Go Basis, allowing the customers to top it up as and when they need it. £10 is the minimum top up that will provide 1GB worth of usage.

## What is the difference between a Wi-Fi Broadband Dongle, and a Mi-Fi Broadband Dongle?

- **Mi-Fi** Mobile Broadband Dongles provide a connection for up to 5 devices in the same location.
- **Wi-Fi** Dongles provide a connection for 1 device at a time.

Digital inclusion backed by:

\*Please see back for details

getonline@home

Smart Money Cymru Credit Union is an organisation that provides straightforward affordable financial services to a growing number of people in Caerphilly, Blaenau Gwent and Newport.

### How it works

Our computers can be bought directly either online or by calling the number below. We have also teamed up with Smart Money Cymru Credit Union to provide United Welsh tenants with a payment plan. If you are eligible for a loan you can spread the cost of the desktop or laptop over a year and pay as little as £2.30 a week.

Loan £	Payment Term	Weekly Cost	Total Interest Charged
£99.00	52 weeks	£2.30	£18.95
£149.00	52 weeks	£3.43	£28.85

## Frequently asked questions (2)

- How long has the programme been running ?

- Get Online @ Home was launched in May 2011 and close to 30,000 PCs/Laptops have already been sold.

- Why is Microsoft involved in such a programme?

Microsoft has a long-standing commitment to digital inclusion ....

- Bill Gates' 1977 vision of "A computer on every desk and in every home"
- Universal Credit - 80 per cent of submissions for universal credit to happen online, Online Job Search/application requirements, Basic I.T skills needed for most jobs.
- Digitally Excluded are only open to about 4% of jobs available.
- At least 75% of Job opportunities require online job applications
- Around 20% of Digitally Excluded say its due to affordability of equipment.

- What does Microsoft contribute?

- Network of accredited refurbishers such as [Computer Recyclers UK](#) to prepare the PCs & Laptops for sale.
- Software at minimal (citizenship) cost for the "eligible" PCs
- The co-ordination and backing for the website.
- Partnerships to make low cost Computers easy and affordable on a nationwide scale
