

Question 1

What is your view on the proposed role? What do you think of the name 'Health and Housing Champions'?

Good idea

Is 'champions' over-used?

Not sure 'champion' is the right name.

'Champions' suggests just talking about the issue.

'Delivery Group' not network, as not a talking shop.

Needs to be the right person in the organisation and evaluated. Perhaps 2 in the organisation, so not reliant on 1 person.

Workload?

Co-ordinator role – to link outwards and inwards. Might convey the role better.

'2025' – organisation in North in field of health and housing. Small project group with 400 on mailing list and on twitter. This works well. This type of work is already happening, 'just getting on with it' approach, getting information flowing is key. It's a social movement group.

Role would work if everyone understood outcomes.
