Annual Benchmarking

Why Benchmark?

- No Standard Industry Classification for Housing (included in Public Administration)
- Not all Providers are the same
 - HA or Local Authority
 - Size of stock
 - Different areas of economic activity
 - Care Homes
 - Student Accommodation
 - In-house DLO
- Able to make comparisons with similar organisations – talk to them about why their performance is better/worse

What do we Benchmark?

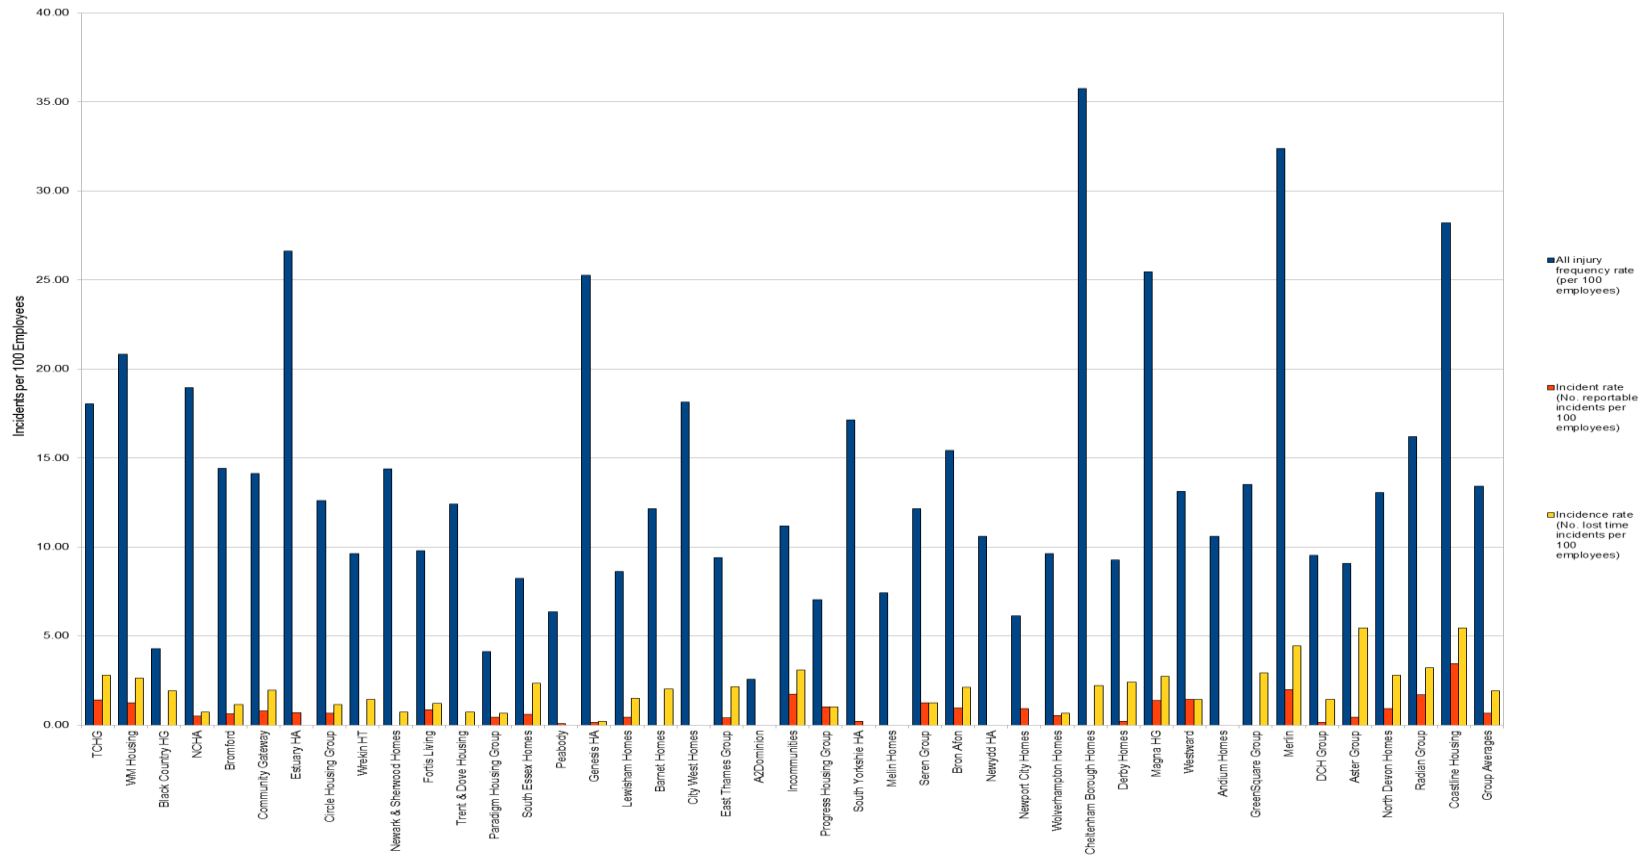

- Total number of incident reported
- Number of RIDDOR reportable incidents
- Number of lost time incidents
- Average days lost time per employee
- Average days H&S training per employee
- Enforcement notices
- Analysis of types of incidents
- Optional vehicle incidents

When & How?

- The benchmarking exercise is based on a calendar year
– 1st January – 31st December
- Data collection sheet distributed during December
- Completed data collection forms to be returned by 31st January
- Data collated during February
- Results circulated in March
